Hi Senator Pugh,

I wanted to call and thank you for all your hard work on getting HB 1425, the Religious Release Time bill, through the Senate Education Committee.

Appreciate your leadership and great work in making this happen!

I know we still have work left to do, and I'll be cheering you on as this bill advances through the full Senate and House. Let's get this passed before the April 25th deadline for the good of all our kids here in Oklahoma!
